GPA: 4.0 • President's List

EXPERIENCE

July 2020 – Present
Student Web Developer Assistant
Campbellsville Technology Centre

- Updating and Maintaining Campbellsville University's main IT Website by deploying HTML, CSS and Bootstrap
- Troubleshooting and resolving software and hardware issues

August 2020 – Dec 2020
Student Tutor
Campbellsville University

- Helped students understand various concepts in classes such as Programming I, Discrete Mathematics and Linear Algebra
- Developed worksheets to help students apply information while working collaboratively with peers

Jun 2019 – August 2019
Computer Technology Assistant

- Led a team of five developers to install and manage system and application software for 10 different basic schools, serving about 300 students

PROJECTS

June 2020
Dice Game | HTML / CSS / JavaScript
<https://ikasare.github.io/dice/>
This game makes use of the refresh feature on browsers to present the virtual version of the Dice game. Each time the webpage is refreshed, we are presented with a new winner.

December 2020
Facediaries | HTML / CSS / Bootstrap
<https://ikasare.github.io/facediaries/>
Facediaries is a mock website I created as a sort of hybrid of Tinder and Facebook.
